3. Objections to account filed by petitioner, Araceli Angon 12/11/03

4. Counsel Skoretz objects to accounting
5. Petition for Guardianship of the estate filed by Araceli Angon, is denied w/o prejudice
6. Revised accounting does **not** address the notes. Petitioner's revised accounting is confused as to the various cases that are open. Petitioner refers to the Guardians of the estate so of Amalia & Adiel. This court is informed and believes those are decedent's estates and not guardianship/conservatorship matters. The copy of the accounting in Eduardo's estate, attachment D, does not contain a file stamp, Case number is BP 069 930, however, the court is titled county of San Bernardino, and is signed only by the attorney and not the court appointed representatives. Question whether this has been filed and rejected by the Los Angeles Court and proof as to status of that estate.
7. The revised accounting does not address any of the issues raised in the examiner's notes and is not verified, therefore this court cannot consider the revision.
